

E-Rate Cat-2 2019 Equipment Requirements

Site: Amargosa Valley Elementary

Amargosa Valley Middle

777 E Farm Rd. Amargosa Valley, NV 89020

WIRELESS

Project Description: Deliver seven (7) units of the compatible equipment, all product documentation, mounting hardware for drop-ceiling deployment, list of serial and MAC values, and send out with latest long-term-release firmware installed. In-house IT dept. will deploy and program.

Justification: Entire NCSD wireless infrastructure is Aruba and Aruba Instant controller is used for management. If proposing a product other than our existing infrastructure, please provide an explanation of how this will be implemented and work with our existing deployment and provide a single unified interface for management at each specific site. If certification or training is required to utilize the new equipment, please provide a cost per employee for training and certification.
